Profile Summary

- Hands on programming experience in - C# WinForms.Net, Infragistics, SQL Server, Sybase, XML/XSLT.
- Expertise in projects in IT, Banking and Financial industry
- Experience in Geneos Monitoring System and IT Service Management tools (HP Service Center, incident management in JIRA, Change Management).
- Experience on managed File Mover and Feed Handler applications.
- Experience in Coordinating with multiple stakeholders across different time zones for smooth transition and delivery.
- An Excellent Team Player
- Certified Business Analytics Professional in R and SAS from Edvancer Eduventures, Mumbai

Education

- Diploma in Advanced Computing (DAC) from C-DAC, M.E.T., Mumbai – (July 2004)
- Bachelor of Engineering (Mechanical)– (October 2000).

Certification

- Certified Business Analytics Professional in R and SAS from Edvancer Eduventures, Mumbai

Technical Skill Summary

- Programming experience in - C# WinForms.Net, ASP.Net, SQL Server.
- Production Support of applications written on Microsoft .Net Technologies, ETL, UNIX, Java, SQL Server, Sybase, Oracle.
- Resolving escalated issues using T-SQL to identify errors and bugs for data issues.
- Platform: Windows, UNIX, Linux
- Technologies: .NET Framework 2.0, Winforms.NET, ASP.NET, Windows Services, ITRS Geneos
- UI Development Tools: Infragistics 10.1 - Windows Forms
- Distributed Tech. : .NET Remoting, Enterprise Services (COM+), Web Services,
- MSMQ, TIBCO EMS
- Databases: Microsoft SQL Server, Sybase, Oracle.
- Data Science / Machine Learning: R, SAS, Tableau, Microsoft Excel

Experience Summary

- Self Employed (May 2017 to Present)
- NCS, Singapore (December 2016 to April 2017) Developer
- JP Morgan, Singapore (October 2014 – November 2016) Associate – Production Support
- Barclays Capital Services Ltd, Singapore (November 2009 – July 2014) AVP
- Datamatics Global Services Ltd., Mumbai (June 2006 – November 2009) Sr. Software Engineer
- Tera Informatics Pvt. Ltd., Mumbai (July 2005 – June 2006) Software Engineer
- Econets Pvt. Ltd., Mumbai (August 2004 – July 2005) Jr. Developer

NCS, Singapore

(December 16 – April 2017)

Responsibilities:

- Analysis and documentation of existing Windows Services written under .Net Environment.
(To be migrated to JAVA)

JP Morgan, Singapore

(October 14 – November 16)

Responsibilities:

- Deploy Microsoft .Net application changes, Microsoft SQL procedures/functions, deployment on UNIX and Linux servers.
